Update of reported full year 2016 results

Credit Suisse's preliminary results for 2016 were updated to reflect an additional after-tax charge of CHF 272 million due to an increase in litigation provisions by CHF 300 million for a settlement in principle to resolve the RMBS matter with the NCUA. As a result, this adjustment increased 2016 net loss attributable to shareholders to CHF 2,619 million in 4Q16 and CHF 2,710 million in 2016 compared to a net loss of CHF 5,828 million in 4Q15 and CHF 2,944 million in 2015. Credit Suisse's reported look-through CET1 ratio was 11.5%, and the look-through CET1 leverage ratio was 3.2% as of the end of 2016 after reflecting this charge.

Distribution payable out of capital contribution reserves

The Board of Directors proposes, subject to the shareholders' approval to increase the authorized capital for scrip dividends, a distribution of CHF 0.70 per registered share payable out of capital contribution reserves for the 2016 financial year in the form of either a scrip dividend, a cash distribution or a combination thereof. This allows Credit Suisse Group AG to pay a distribution to shareholders, while in respect of those shareholders electing shares retaining regulatory capital in view of the increased regulatory capital requirements. Shareholders will be entitled to elect to either receive new shares (free of charge), subject to any legal restrictions applicable in their home jurisdiction, or to receive a cash distribution in the amount of CHF 0.70 per registered share or a combination thereof. Should no election be made, the distribution will be paid out entirely in cash.

The delivery of both the new shares and the cash distribution is scheduled for May 30, 2017. The issue price of the new shares will be determined based on the five-day average of the daily volume weighted average prices from May 18, 2017 to May 24, 2017 of the shares of Credit Suisse Group AG listed on SIX Swiss Exchange AG, less a discount of 8%.

In the event that the Annual General Meeting of Shareholders does not approve the increase of authorized capital to cover the 2017 scrip dividend, no distribution will take place.

Further information on the scrip dividend can be found in the "Shareholder Information – Summary Document", which is available on the Credit Suisse website at: www.credit-suisse.com/agm.

Authorized Capital for Scrip Dividend

The Board of Directors will propose to the Annual General Meeting of Shareholders to set the level of authorized capital in order to service the 2017 scrip dividend.

The Board of Directors proposes to set the level of authorized capital at CHF 9,520,000 (equivalent to 238,000,000 registered shares) from the current CHF 6,299,274.64 (equivalent to 157,481,866 registered shares) representing an increase of 80,518,134 shares in order to service the 2017 scrip dividend and that Art. 27 of the Articles of Association be amended accordingly. In the event that the shareholders do not approve this proposal, no distribution will take place.

Approval of the compensation of the Board of Directors and the Executive Board

In accordance with the requirements of the Ordinance against Excessive Compensation with Respect to Listed Stock Corporations, the Annual General Meeting of Shareholders votes separately and with binding effect on the overall compensation of the Board of Directors and the Executive Board.

The Annual General Meeting of Shareholders approves on an annual basis the compensation of the Board of Directors in advance and for the period until the next ordinary General Meeting of Shareholders. To

ensure flexibility when aligning the approval periods with the compensation plans, the Board of Directors sets out in its proposal to the Annual General Meeting of Shareholders whether approval with regard to the compensation of the Executive Board by the Annual General Meeting of Shareholders is prospective or retrospective and for which periods the approvals would apply. For the 2017 Annual General Meeting of Shareholders, the Board of Directors has decided to present the fixed compensation and the long-term incentive compensation for the Executive Board to the Annual General Meeting of Shareholders for approval in advance, while the short-term variable compensation components are to be approved retrospectively.

The Board of Directors proposes for approval a maximum compensation for the Board of Directors of CHF 12.5 million for the period until the 2018 Annual General Meeting of Shareholders. Additionally, the Board of Directors proposes the approval of the aggregate amount of CHF 25.99 million for short-term variable compensation for the Executive Board for the 2016 financial year. The Board of Directors also proposes approving a maximum amount of CHF 31.0 million for fixed compensation for the Executive Board for the period until the 2018 Annual General Meeting of Shareholders and the maximum amount of CHF 52.0 million for long-term variable compensation for the 2017 financial year.

Consultative vote on the 2016 Compensation Report

Consistent with our practice in prior years, the 2016 Compensation Report, which is part of Credit Suisse Group AG's Annual Report, will be presented to the Annual General Meeting of Shareholders for a consultative vote.
