Zurich, March 24, 2016 **Credit Suisse Group AG and Credit Suisse AG today published their 2015 Annual Report, which includes Credit Suisse’s audited financial statements and Compensation Report. The Corporate Responsibility Report and the Company Profile have also been published. In addition, the Board of Directors of Credit Suisse Group AG today announced its agenda for the Annual General Meeting on April 29, 2016.**

Distribution payable out of capital contribution reserves

The Board of Directors proposes, subject to the shareholders’ approval of increasing the authorized capital for scrip dividend, a distribution of CHF 0.70 per registered share payable out of capital contribution reserves for the 2015 financial year in the form of either a scrip dividend, a cash distribution or a combination thereof. This allows Credit Suisse Group AG to pay a distribution to shareholders, while in case of an election for shares retaining regulatory capital in view of the increased regulatory capital requirements. Shareholders will be entitled to elect to either receive

new shares (free of charge), subject

to any legal restrictions applicable in their home jurisdiction, or to receive a cash distribution in the amount of CHF 0.70 per registered share. Should no election be made, the distribution will be paid out entirely in cash.

The delivery for both the new shares and the cash distribution is scheduled for June 6, 2016. The issue price of the new shares will be determined on the five-day average of the daily volume weighted average prices from May 26, 2016 to June 1, 2016 of the shares of Credit Suisse Group AG listed on SIX Swiss Exchange AG, less a discount of between 8% and 10%. The final discount will be set by the Board of Directors and announced prior to the beginning of the election period.

In case the Annual General Meeting of Shareholders does not support the increase of authorized capital for stock or scrip dividend, no distribution will take place.

Further information on the scrip dividend can be found in the "Shareholder Information – Summary Document", which is available on the Credit Suisse website at: www.credit-suisse.com/agm

Increase and extension of authorized capital for scrip dividend and future acquisitions

The Board of Directors decided to propose to the Annual General Meeting of Shareholders to increase the authorized capital in order to service the 2016 scrip dividend and to increase the authorized capital for future acquisitions and extend the authorization by another year. The two proposals will be voted on separately.

In order to service the 2016 scrip dividend, the Board of Directors proposes an increase in the authorized capital reserved for the stock or scrip dividend from currently CHF 1,150,944.04 (equivalent to 28,773,601 registered shares) to a maximum of CHF 5,200,000 (equivalent to 130,000,000 shares) and that Art. 27 of the Articles of Association be amended accordingly. In case the shareholders do not support this proposal, no distribution will take place.

In addition, the Board of Directors proposes a further increase of authorized capital for future acquisitions from currently CHF 4,000,000 (equivalent to 100,000,000 shares) to a maximum of CHF 5,200,000 (equivalent to 130,000,000 shares), that the authorization be extended by another year, and that Art. 27 of the Articles of Association be amended accordingly.

Subject to the approval of these two proposals, the authorized capital will amount to CHF 10,400,000 (equivalent to 260,000,000 shares).

Approval of the compensation of the Board of Directors and the Executive Board

In accordance with the requirements of the Ordinance against Excessive Compensation with Respect to Listed Stock Corporations, the Annual General Meeting of Shareholders votes separately and with binding effect on the overall compensation of the Board of Directors and the Executive Board.

The Annual General Meeting of Shareholders approves on an annual basis the compensation of the Board of Directors in advance and for the period until the next ordinary General Meeting of Shareholders. To ensure flexibility when aligning the approval periods with the compensation plans, the Board of Directors sets out in its proposal to the Annual General Meeting of Shareholders whether approval with regard to the compensation of the Executive Board by the Annual General Meeting of Shareholders is prospective or retrospective and for which periods the approvals would apply. For the 2016 Annual General Meeting of Shareholders, the Board of Directors has decided to present the fixed compensation and the long-term incentive compensation for the Executive Board to the Annual General Meeting of Shareholders for

approval in advance, while the short-term variable compensation components are to be approved retrospectively.

The Board of Directors proposes for approval a maximum compensation for the Board of Directors of CHF 12.0 million for the period until the 2017 Annual General Meeting of Shareholders. Additionally, the Board of Directors proposes the approval of the aggregate amount of CHF 34.58 million for short-term variable compensation for the Executive Board for the 2015 financial year. The Board of Directors also proposes approving a maximum amount of CHF 33.0 million for fixed compensation for the Executive Board for the period until the 2017 Annual General Meeting of Shareholders and the maximum amount of CHF 49.0 million for long-term variable compensation for the 2016 financial year.

Consultative vote on the 2015 Compensation Report

Consistent with the practice in prior years, the 2015 Compensation Report, which is part of Credit Suisse Group AG's Annual Report, will be presented to the Annual General Meeting of Shareholders for a consultative vote.

Changes to the Board of Directors

The Board of Directors of Credit Suisse Group AG is proposing Alexander Gut and Joaquin J. Banks are operating in an increasingly complex regulatory framework and in a fast changing market environment. The successful implementation of our new strategy with the objective of generating profitable growth through the economic cycle requires a strong focus on risk management and compliance. It is therefore important to have outstanding professionals on the Board and

I am convinced that our bank will greatly benefit from their combined expertise. We also plan to appoint Alexander Gut to the Board of Directors of the newly established legal entity of our bank in Switzerland.”

Urs Rohner added: “Sebastian Thrun, founder of Google X and Udacity, will contribute to our newly established Silicon Valley based fintech venture “Credit Suisse Labs” as a senior advisor and will focus on banking innovation and continue to chair Credit Suisse’s Innovation & Technology Committee. I would like to warmly thank Sebastian for his contributions to Credit Suisse Group and I look forward to working with him as an advisor to us.”
